July 23 is also the last day to register as an observer or commenter for the Peer Review Panel meeting that will be held in Anchorage on August 7 - 9, 2012. You must register in advance by July 23, 2012 to attend this meeting, either as an observer or to make oral comments. Please note that only the first two days of the panel meeting are open to the public. Here is the link to sign up for peer review registration: www.versar.com/epa/bristolbayregistration.html. The charge questions for the Peer Review Panel were revised and finalized following input from the public. [Read them here](#) on the EPA Bristol Bay website. These questions will guide the panel as they review the scientific and technical merit of the draft Bristol Bay watershed assessment.

This is a good opportunity if you were not able to attend a meeting, or if you are still drafting comments on the assessment. The times listed for these webinars are in Pacific (Seattle) Time.
